Registration for courses	Registration for courses at the History Seminar takes place via HISinOne after you have received your access data with your enrollment: http://www.hisinone.uni-freiburg.de/
10. How should I fill out my Learning Agreement?	
General	<p>A basic distinction must be made between the Learning Agreements (LA) before the mobility and during the mobility.</p> <p>You should present the LA before the mobility to us for signature as soon as possible (ie either come to the next office hour or send it by e-mail). We sign, make a copy and you get the LA back. You submit the LA to your home university. If this LA isn't up to date yet, that's not a problem.</p> <p>The LA during the mobility concerns the changes that arise over the course of the semester. If courses are canceled or others are added, you can change this in LA <i>during the mobility</i>. You will create this form during the semester and submit it to us for signature. But this is not so urgent. Wait for the first few weeks of the semester until you have a good overview of which courses you are actually taking.</p> <p>Please understand that processing on our part can usually take up to two weeks. So please submit your LA's as soon as possible!</p>

Course catalogue (KoVo)	The course catalogue is usually published in February and August. If the new course catalogue is not yet available and you already have to fill out your Learning Agreement, you can temporarily use the old one . As soon as the new courses are available, you can change your Learning Agreement again.
Tips	Exercises and lectures are recommended because the requirements are easier there.

	<p>Proseminars expect active participation in discussions, so good knowledge of German is an advantage. If the German language skills are unsure, a maximum of one proseminar should be attended.</p> <p>Advanced seminars (Hauptseminare) are not recommended as they are very intensive and involve a lot of preparation and follow-up work and therefore require very good knowledge of German.</p>
11. Can I also take courses outside of the History department?	
History students	The focus of your Erasmus stay should clearly be on history . Unfortunately, since the History Department only offers a few courses in English, there is also the option of choosing courses from other departments . Here, too, the focus on historically relevant topics would be advisable. It is best to clarify this with your home university in advance.
Non-history students	You are welcome to come to Freiburg via the Historical Seminar as long as there are still places available. It is best to find out in advance which courses you want to take and contact the relevant seminars to make sure that you are allowed to attend the courses.
12. Are there also courses in English?	
Generally	Since the Historical Seminar unfortunately only offers a few English courses, you are free to choose courses outside of the history seminar. However, the focus should still be on historically relevant topics.
